What is "Patient Portal"?

A patient portal is a secure online website that gives patients convenient 24-hour access to personal health information from anywhere with an Internet connection. Using a secure username and password, patients can view health information such as: Recent doctor visits, medication list, and laboratory results.

FollowMyHealth®

Our Electronic Medical Records are linked to "FollowMyHealth" engagement solution website,

https://www.followmyhealth.com

where personalized health information stored for your convenience. Whether you are looking to keep on eye on your weight, monitor your blood pressure or would like to have instant access to your laboratory/diagnostic findings, FollowMyHealth is the tool for you!
